

# ***Help Us Address Climate Change and other Environmental Issues***

## **Palatine Cool Cities Team Meeting**

**Wed., May 9, 7-9 pm**

**Palatine Library**

**Meeting Room #3**

**(by the “Mystery Books” shelves)**

Want to be cool? Who doesn't! “Cool” means being on top of the best trends, and it also means keeping our cities – and our planet -- cool. At this meeting, help us prepare to meet with Village officials to promote environmental progress. Provide your input about how the citizens and government of our Village proactively deal with:

- Climate change
- Energy efficiency
- Renewable energy use
- Transportation efficiency
- Land use
- Water conservation
- Other issues

We welcome citizens of any background, age, or political persuasion.
